As our friend and our advisor these past two years at Grovertown, you have taught us many other as well as our academic subjects: you have taught us how to be good citizens, better neighbors, and boosted our morals when need be. Though you may never fully realize it, the decisions for our future lives have been greatly influenced by your teachings and by you as an individual. You understood us and most important--you believed in us.

Mere words can never fully describe or explain our inner feelings; therefore, we dedicate this annual to you and simply say "THANK YOU".

IN APPRECIATION

Mr. Keiser, Mr. Sand, Mr. Hegg, Mr. Richey, Mr. Powell,
Mrs. Siedentop, Mrs. Reid, Mrs. Nibblink, Mr. Peterson.

"WHAT WE ARE TO BE-WE ARE BECOMING"

We, the class of 1960, would like to dedicate this page to the teachers who have helped us decide, and who are helping us become "What we are to be". To you, the seniors say, "THANK YOU".

ANNUAL QUEEN & KING

Queen, Lillian Kiryluk, and King, Peter Awald

ADMINISTRATION

The thought of graduation calls to mind the lines from Longfellow's immortal poem, "The Psalm of Life".

"Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time."

Some of you have already made deep and lasting imprints in this sand, some in the realm of scholarship, others in extracurricular activities. Many of you have held positions of responsibility in connection with your class, the annual, clubs in and out of school, etc.

Yes, you have left your impressions--impressions that vary because some of you have not made the best use of the time in the sands of time. (Someone has said that "footprints on the sands of time are not made while sitting down".)--Time is the one thing that each of us possesses. Let us all, in the future, use our time to develop our abilities in useful services, economic, political, philosophic, artistic, and scientific.

With the indelible marks already left behind us, who can say to what depths we can sink our imprints in the future?

The sands may shift around our feet and our lives may change with these unexpected shiftings, but let us go forward bravely with only one thought in mind, that the footprints we leave behind us may be firm and sure.

PRINCIPAL

Sincerely,

L. D. Freed, Principal
